Our ref: EPR/TB3397TD (EAWML 37214)
Your ref:

Date: 5th June 2013

Dear Mr Womack

Transfer of permit is complete

Permit reference: EPR/TB3397TD
Waste returns reference: EAWML 37214
Operator: G T Roberts and son Limited
Facility: Roadrunner Waste Limited

Our determination of your application for a full transfer is complete. We're satisfied that you will be the person who will operate the facility and you will comply with the requirements of the permit. The transfer takes effect from 5th June 2013. I enclose a notice showing the transfer details and your permit conditions. Keep this in a safe place with your other permit records.

This letter contains web links to other documents. If you aren't able to access these phone our Customer Services Centre for help.

The environmental permit should have been passed to you during the handover of the property or business. If you do not have a copy of the permit you must contact a local officer. Telephone our Customer Services Centre on 0300 065 3000 and they will put you in touch with an area officer. The area officer can also help you with any other questions you have about the permit.

You will also need to look at the document 'How to comply with your environmental permit' as this will help you understand how to meet the conditions of the permit. You can find this on the Environment Agency's guidance web page <http://www.environment-agency.gov.uk/business/topics/permitting/32320.aspx>

Please look at the table below and note any of the things that apply to your permit.

If...	then..
you plan to keep your records at a site other than where the activity takes place	you need to let us know within 20 working days of receiving this letter.
your permit includes pre-operational or improvement conditions	check the deadlines for completing measures and make sure you carry them out by the times stated

Table continues on next page.

If...	then..
you are carrying out a waste operation or activity and need to submit quarterly waste returns on waste movements Note: This does not apply to permits that only have stand alone water discharge or groundwater activities.	you can get the forms you need from our website www.naturalresourceswales.gov.uk When you complete your return use the waste returns reference above.
your permit includes an installation	we enclose a legal notice and information about reporting to the Pollution Inventory.
you need to submit other returns	send these to your area office. Speak to your area officer to check local arrangements.

There is an annual subsistence charge for your permit unless:

- your permit is only for discharges of sewage effluent where the maximum daily volume of discharge permitted is five cubic metres or less (this does not apply to non trade effluent or any other type of discharge);
- or your permit is only for mobile plant, instead we will charge for each deployment.

The annual charge is due on demand in the year that we issue the permit and then on 1 April each year. The charge starts from the date we authorise the permit, unless there's a condition relating to a standalone water discharge which states a later start date for the discharge. In that case we will charge for the discharge from the start date. If you need to know more about the subsistence charge please look at the charging guidance on our website at www.naturalresourceswales.gov.uk.

If you have any questions about this permit please phone our Customer Services Centre on 0300 065 3000. They will put you in touch with a local area officer.

Yours sincerely

Hannah Loughlin
Permitting Officer
